PLEASE REPORT TAG NUMBERS POSSIBLE REWARD (up to \$25)

The Oklahoma Cooperative Fish and Wildlife Research Unit, in conjunction with the Oklahoma Department of Wildlife Conservation, is conducting angler creel surveys to inform stream fisheries management. We ask anglers to report their catches of tagged bass via any of the three methods described below. *Catches of tagged fish, along with 4-digit tag numbers, must be reported by October 31, 2019 for possible rewards.*

iNaturalist App

Best option for smartphone users

1. Scan and click:
[Add Observations to This Project](#)
2. Log-in or register
3. Submit photos of tagged fish to **Bass Tag OSU** project page

Telephone

Quick reporting on-the-water

1. Call: **405-744-6342**
2. For each fish, report tag number, date caught, location caught, and whether released or harvested. Photos of each fish are preferred.
3. Provide phone number for follow-up

Email

Quick reporting off-the-water

1. Email: **BassTag@okstate.edu**
2. For each fish, report tag number, date caught, location caught, and whether released or harvested
3. Attach photos (if available) of tagged fish showing 4-digit number
